Redevelopment

Campus Housing

Back of the Hill Rowhouses
Boston, MA

This 165-unit development of one-, two-, and three-bedroom townhouses for the Bricklayers and Laborers Non-Profit Housing Corporation creates a neighborhood of attractive affordable housing which enhances a sense of community by preserving street edges, providing units with bay windows for views along streets, and defines an urban park at its center.

1993 Urban Design Award of Excellence (forerunner to Honor Award), National American Institute of Architects; 1994 Metropolitan Home, "The Design 100"; 1991 Urban Design Award (First Award), Boston Society of Architects; 1990 Excellence in Housing Award, AIA; 1989 Design Excellence in Housing Award, Boston Society of Architects
