Rochester Sister Cities (City Hall) Parking Garage
Rochester, NY

Located directly across the street from City Hall, this 1,000-car garage responds to the civic quality of its immediate location. Retail stores along the garage's ground level animate the neighborhood, helping the City of Rochester rejuvenate its urban core and encourage the positive development of its city blocks. QPK is the Associate Architect.

1995 Design Award in Architecture, New England Chapter, AIA; 1995 Honor Award in Architecture, Boston Society of Architects; 1991 Citation of Merit, Central New York Chapter, AIA
